## GOOD TO KNOW

HERE ARE TWO OF OUR MOST IMPORTANT INSIDE TRICKS.

## CORNER

ALL OUR PANELS ARE SOLID THEREFORE THEY CAN EASILY BE ADJUSTED TO MAKE A CORNER SOLUTION.

TAKE ONE PANEL AND CUT TWO 45 DEGREE ANGLES TO GO AROUND THE CORNER.

## LIGHT SWITCHES & POWER SOCKETS

AS OUR PANELS ARE SOLID, YOU CAN WORK AROUND A LIGHT SWITCH OR POWER SOCKET.

MAKE SURE YOU PAINT THE WALL AROUND THE LIGHT SWITCH OR POWER SOCKET BLACK!

## MISSION

To create joyous panelling from salvaged woods that enriches surfaces and enhances your interior. We strive for the highest quality to produce panelling that will last a lifetime.

## HOW

We scour the land for woods that can be salvaged and upcycled, giving discarded timber a second lease on life. Typically, we'll turn a weathered girder into a striking collection of unique wall tiles. It's a reincarnation of sorts.

## WHY

We love wood and working with craftspeople. We love salvaging woods, breathing new life into something old, worn and weathered. We love exploration and travel. We love design and having fun with like-minded souls. That's why we do what we do the way we do it.
