- **THIS IS PHOENIX**

*Hand Carved • Hospitality • Elegant • Recycled Teak • Big Surfaces*

Geometric and organic patterns collide in this most avant-garde of panels. Conceived of furniture-grade hardwoods and embellished with traditional carvings. This is reclaimed teak of the highest grade available.

- **THE WOOD**

If we come across an old house that has obviously been abandoned, we contact the owner. A price for the scrap wood is arranged and the house – or what's left of is sold to us. After this it's up to us to dismantle the derelict building and give it a second life on the walls of someone else's house, restaurant, bar or hotel.

## MISSION

To create joyous panelling from salvaged woods that enriches surfaces and enhances your interior.

We strive for the highest quality to produce panelling that will last a lifetime.

## HOW

We scour the land for woods that can be salvaged and upcycled, giving discarded timber a second lease on life. Typically, we'll turn a weathered girder into a striking collection of unique wall tiles.

It's a reincarnation of sorts.

## WHY

We love wood and working with craftspeople.

We love salvaging woods, breathing new life into something old, worn and weathered.

We love exploration and travel. We love design and having fun with like-minded souls.

That's why we do what we do the way we do it.
